AIDA

**WARDROBE BIBLE**

## **Aida Wardrobe Notes**

This production was originally constructed in Brazil. No notes, fabric remnants or drawings remain for guidance. It was adapted for the Brian Deederick production and this Bible is based upon those notes.

Please note the following:

1. Do not remove any sewn in tags.
2. All alterations must be reversible. There is to be no cutting, dying or painting of costumes without express written permission from Opera Carolina. Additional trims, embellishments etc must be removed before shipping costumes back.
3. Cleaning instructions have been included in the break down sheets. However, it is preferred that Opera Carolina take care of the dry cleaning. Renters will be charged the full replacement cost for any costumes damaged by cleaning. If neckline/collars must be cleaned, please use baby wipes or another mild soap. Please do not scrub the right side of the fabric as abrasion will ruin many of the fabrics.

Cleaning instructions are as follows:

a. DC=Dry Clean

b. HW=Hand Wash

c. HD=Hang Dry

4. Any pieces that become wet must hang dry before bagging for return. Some of the quilted collars can take up to 3 days to dry.
5. Please bag and clearly mark all unused costumes pieces.
6. Please pack costumes in the crates they were shipped in. Pack them the same way you received them.
